# Materials required for assembly

- Masking tape
- Square (optional)
- PZ1 & PZ2 screwdriver
- Wood glue (slow-drying recommended)
- Damp cloth (or paper towel)

## Package contents :

## Read before assembling the furniture

- Check for chips in the grooves
- Check that the parts are free of defects before gluing / or make a dry fitting
- Read the entire instructions carefully before final assembly with glue
- Wipe off excess glue with a damp cloth immediately after gluing each piece
- Make any cuts (if necessary) before gluing the furniture
- Protect the surrounding areas of the gluing areas with masking tape to reduce cleaning

If you have a problem with a part or accessory, please contact us by email: [sav@simplevans.eu](mailto:sav@simplevans.eu)

Apply a sufficient amount of glue to the contact surfaces and grooves.

The glue should **slightly protrude from the grooves when assembled**.

**Wipe off excess glue** with a damp cloth after assembly.

glue that comes out slightly after assembly

- 1 Apply glue to the notches and joints then assemble parts **A** and **C**.

- 2 Apply glue to the notches and joints then assemble parts **A** and **B**.

- 3 Apply glue to the notches and joints then assemble part **D** with the rest of the furniture.

# FURNITURE ASSEMBLY

- 4** Apply glue to the notches and joints and assemble part **E** with the rest of the furniture.

- 5** Apply glue to the notches and joints and assemble part **F** with the rest of the furniture.

- 6** Apply glue to the notches and joints and assemble part **G** with the rest of the furniture.

# FURNITURE ASSEMBLY

7 Apply glue to the notches and joints and assemble part **H** with the rest of the furniture.

8 Apply glue to the notches and joints and assemble part **I** with the rest of the furniture.

**i**

Your unit consists of three identical drawers made up of five parts: J, K, L, M, and N.

In this guide, we'll detail the assembly of **drawer 1**; you'll need to follow the same procedure to assemble the other two.

To simplify and strengthen assembly, you can screw the hidden sides of the drawer together using the 25 mm thin screws provided.

## 1 Sliders assembly

**1.1** Apply glue to the notches and joints and assemble parts **J1** and **K1** as below.

**1.2** Apply glue to the notches and joints and assemble parts **J1** and **L1** as below.

**1.3** Apply glue to the notches and joints and assemble part **M1** with the **J1/K1/L1** assembly.

## ASSEMBLY OF DRAWERS & SLIDES

- 1.4** Apply glue to the notches and joints and assemble the **N1** front with the rest of the drawer.

## 2 Push lock assembly

- 2.1** Forcefully insert the push lock rosette onto the visible side of the **N1** facade.

- 2.2** Screw the button onto the push lock.

- 2.3** Screw the push lock with two 12 mm screws onto door **N1**. Make sure it is aligned with the top of the front panel.

## ASSEMBLY OF DRAWERS & SLIDES

### 3 Slides assembly

- 3.1** Disassemble the slides into 2 parts by pulling them as far as possible and unlocking them using the black part.

- 3.2** Screw the slides into the pilot holes in the cabinet using 7 mm screws (3 per slide).

## ASSEMBLY OF DRAWERS & SLIDES

- 3.3** Screw the slides into the pilot holes in the drawer using the 15 mm screws (3 per slide) on parts **K1** and **L1**.

## 4 Installing and Adjusting the Drawer

- 4.1** Slide the drawer into the slides until you hear the locking “click”.

- 4.2** To **adjust the drawer height**, loosen the drawer slide mounting screws, move the drawer up or down, and retighten the 15 mm screws.

# HAPPY ASSEMBLY!

If you have any comments regarding the assembly,  
you can let us know by email:
